Directions

For best results, ensure car is cool to the touch and in the shade. Rinse surface with water. Pour 1 ounce or 4 capfuls of Maxxol™ into a wash bucket and add one gallon of water. Apply to car surface with a wash mitt. Rinse car thoroughly by flowing water gently from the top of the vehicle downwards to promote sheeting action. For best results, immediately wipe off remaining water with 100% cotton terry towel to prevent water spotting.
