

SAFETY DATA SHEET

Section 1: Identification

Trade Name: Maxxol – Automotive Dressing
Product Identification: Brightener & Protectant

General Info Phone: 850-575-0921
Emergency Phone: Call INFOTRAC
Within USA & Canada: 800-535-5053
Customer Number: 102477

Synonyms:

Product Use Description: Brightener & Protectant for Automotive Surfaces

Supplier:
Consolidated Chemicals, LLC
3191 W. Tharpe St.,
Tallahassee, FL 32303

Section 2: Hazards Identification

Classification: This product does not meet the hazardous criteria set forth by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200). However, this Safety Data Sheet (SDS) contains valuable information critical to the safe handling and proper use of this product. This SDS should be retained and available for employees and other users of this product.

Signal Word: Not Applicable

Hazard Statements: Not Applicable

Precautionary Statements Not Applicable

Prevention Not Applicable

Response

IF SWALLOWED: Do not induce vomiting. Dilute by giving 1 or 2 glasses of milk or water. Nothing by mouth if unconscious. Get immediate medical attention.

IF ON SKIN (or hair): Wash off immediately with plenty of water for at least 15 minutes. Remove contaminated clothing or shoes.

IF IN EYES: Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.

Section 3: Composition / Information on Ingredients

<u>Chemical Name</u>	<u>CAS#</u>	<u>Concentration by Wt (%)</u>
Water	7732-18-5	60 – 100%
Polydimethylsiloxane	63148-62-9	30 – 60%
Fatty Alcohol Ethoxylate	160875-66-1	0.1 – 0.5%
Sulfonated Benzotriazole Derivative	Proprietary**	0.1 – 0.5%
Butoxytriglycol	143-22-6	0.1 – 0.5%

Additional Information - **If Chemical Name/CAS No is "proprietary" and/or Weight-% is listed as a range, the specific chemical identity and/or percentage of composition has been withheld as a trade secret**.

Section 4: First Aid Measures

First Aid Measures

General Advice	Provide this SDS to medical personnel for treatment.
Eye contact	Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.
Skin Contact	Wash off immediately with plenty of water for at least 15 minutes. Remove contaminated clothing or shoes.
Inhalation	Remove to fresh air.
Ingestion	Do not induce vomiting. Dilute by giving 1 or 2 glasses of milk or water. Nothing by mouth if unconscious. Get immediate medical attention.
Notes to Physician	Treat symptomatically

Section 5: Fire-Fighting Measures

Extinguishing media: Water spray (fog). Carbon dioxide (CO₂). Dry chemical.

Specific hazards arising from the chemical: Does not support combustion (ASTM D 4206).

Special protective equipment: As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Section 6: Accidental Release Measures

Product is sold in small containers, and accidental release is not a cause of concern. The product is extremely slippery, if it spills avoid any sort of traffic over the leaked product. Clean with cloth or mop and rinse with soap and water. Small quantities (a bottle contains 12 oz) can be disposed on sewers. Larger spills should be collected, call emergency services. As with any other chemical product, it is recommended to wear impermeable gloves.

Personal Precautions: Put on appropriate personal protective equipment (see section 8). Avoid contact with eyes and skin.

Environmental Precautions: Prevent from entering into soil, ditches, sewers, waterways and/or groundwater by using sand, earth or other appropriate barriers. See Section 12, Ecological Information. See Section 13: Disposal Considerations.

Methods for Containment: Prevent further leakage or spillage if safe to do so.

Methods for Clean-up: Slippery when spilt. Avoid accidents, clean up immediately. Prevent from spreading. Reclaim liquid directly or in an absorbent. Soak up residue with an absorbent such as clay, sand or other suitable materials and dispose properly.

Section 7: Handling and Storage

Precautions: Handling in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. Use with adequate ventilation. Store in a dry, cool and well-ventilated area.

Storage: Keep container tightly closed and store in a cool, dry, and well-ventilated place. Do not store at elevated temperatures (above 140 deg F). Keep out of reach of children. Product should not enter in contact with strong acids, strong bases or strong oxidizing agents.

Recommended Storage Temperature: 32 - 120°F (0 - 49°C)

Section 8: Exposure Controls/Personal Protection

Individual protection measures, such as personal protective equipment:

Eye/Face protection: Eye protection is not required under conditions of normal use. If material is handled such that it could be splashed into eyes, wear plastic face shield or splash-proof safety goggles.

Skin Protection: Not normally necessary in general use. Impermeable gloves are recommended, particularly if allergies are known.

Respiratory Protection: Not required, but ensure adequate ventilation, especially in confined areas.

Ingestion: Products should never be ingested. If ingested, do not induce vomiting. Prevent swallowing or sucking into lungs.

Exposure Limits: Not established for product as a whole.

General Hygiene Considerations: Handle in accordance with good industrial hygiene and safety practice. Wash hands thoroughly after handling.

Section 9: Physical and Chemical Properties

Physical state and appearance: Milky White Liquid

Odor: Lime, Cherry, Strawberry

Molecular Weight: Not determined

Taste: Not determined

Other information: Not determined

pH: 7.1

Boiling Point: Approx 100 °C

Color: Milky White

Solubility: Water soluble

Viscosity: 8.5 – 12.5 cSt

Physical State: Liquid

Volatility: Water Components

Critical Temperature: Not determined

Odor Threshold: Not determined

Specific Gravity at 25°C: 0.996

Vapor Density: Not determined

Vapor Pressure: 2.37 kPa at 20 °C

Partition Coeff: Not determined

Section 10: Stability and Reactivity

Reactivity: The product is stable and non-reactive under normal conditions of use, storage and transport.

Chemical Stability: Material is stable under normal conditions.

Possibility of hazardous reactions: No dangerous reaction known under conditions of normal use.

Conditions to avoid: See Sec. 7 Handling & Storage.

Incompatible Materials: Strong oxidizing agents. Strong reducing agents.

Hazardous decomposition products: Carbon monoxide. Carbon dioxide (CO₂).

Section 11: Toxicological Information

Information on likely routes of exposure

Inhalation: Do not inhale. May cause mild irritation.

Skin contact: Avoid long term skin contact. May cause irritation.

Eye contact: Avoid contact with eyes. May cause irritation.

Ingestion: Do not ingest. May cause irritation.

Exposure Limits: Not established for product as a whole.

Information on toxicological effects:

Acute toxicity: Not established

Carcinogenicity: Not established

Section 12: Ecological Information

Ecotoxicity: This product as a whole has not been tested for ecotoxicity. This product should not be spilled on fresh bodies of water.

Persistence and degradability: Not determined

Bioaccumulative potential: Not determined.

Mobility in Soil: Not determined

Other adverse effects: Not determined.

Section 13: Disposal Consideration

Disposal of Wastes: Dispose in accordance with all applicable regional, national and local laws and regulations.

Contaminated Packaging: Dispose in accordance with all applicable regional, national and local laws and regulations.

Section 14: Transport Information

DOT: Not regulated as dangerous goods

IATA: Not regulated as dangerous goods

IMDG: Not regulated as dangerous goods

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC code: Not established

Section 15: Regulatory Information:

Safety, health and environmental regulations/legislation specific for the substance or mixture:

TSCA - Toxic Substance Control Act

All components found in this product comply with the Toxic Substance Control Act inventory reporting requirements.

CERCLA RQ - Comprehensive Environmental Response Compensation and Liability Act Reportable Quantity (40 CFR 302.4)

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by CERCLA.

SARA/SUPERFUND AMENDMENTS AND REAUTHORIZATION ACT OF 1986 (TITLE III) - SECTIONS 302, 311, 312, AND 313:

SARA 302 - Extremely Hazardous Substances (40 CFR 355 Appendix A):

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 311/312 - Hazard Categories: No SARA Hazards

Fire () Sudden Release () Reactivity () Immediate (acute) () Chronic (delayed) ()

SARA 313 - Toxic Chemicals (40 CFR 372.65):

This product does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

RCRA Status: Under RCRA, it is the responsibility of the product user to determine at the time of disposal, whether a material containing the product or derived from the product should be classified as a hazardous waste. If this product becomes hazardous waste it would be assigned RCRA Code(s).

Clean Air Act

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 12 (40 CFR 61).

This product does not contain any chemicals subject to disclosure and listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 111 SOCM I Intermediate or Final VOC's (40 CFR 60.489).

Clean Water Act

This product does not contain any toxic pollutants listed under the U.S. Clean Water Act Section 307.

U.S. State Right-to-Know Regulations

Chemical Name	New Jersey	Massachusetts	Pennsylvania
Polydimethylsiloxane 63148-62-9			X

California Prop. 65 Components

This product does not contain any chemicals known to the State of California to cause cancer, birth, or any other reproductive defects.

Section 16: Other Information

HMIS Rating: Health - 0 , Flammability - 0 , Chemical Reactivity - 0

References: Not available.

Other Special Considerations: Not available.
